Product Description:

This single gasket, serrated wall and ceiling cover is ideal for applications where minimal visual impact is preferred. The covers used for FWS offer slightly more expansion than the FWF covers.

Use This Cover For:

- Suitable for masonry and plaster wall and ceiling construction
 - retainer configuration variable to suit flat and corner applications.
- Where hygiene is important.

Standard Finishes:

Mill finish on any exposed aluminum. Gasket is available in Black, White, Gray, & Greige.

Installation Guidelines:

Attach the aluminum retainers to the wall using mechanical fasteners. Install gasket into the retainers. Apply the appropriate wall finish as required. For the complete installation instructions, please visit www.c-sgroup.com.
