

C/S GFP / GFR SERIES

SPEC DATA

C/S Expansion Joint Systems

PRODUCT DESCRIPTION

The C/S GFP and GFR series are dual-gasketed systems with extruded aluminum base frames and center plate designed for use as floor joint cover assemblies. Model GFP utilizes an exposed aluminum center plate, while the GFR center plate has a recess to receive various floor finish materials. The aluminum center plate is retained by a series of stainless steel spring clips, spaced 18" o.c.

BASIC USES

Floor expansion joint cover. Ideal for use in hospitals and other conditions requiring a flush joint system.

TECHNICAL DATA

Aluminum
