

C/S KB/KBW SERIES

SPEC DATA

C/S Expansion Joint Systems

PRODUCT DESCRIPTION

C/S Model KB and KBW are joint cover systems for parking structures. The system is composed of extruded aluminum frames and center plate, retained by solid cast aluminum turnbars. The design provides full impact load transference through turnbar and base frames, eliminating potential loosening and failure of center bolt – typical of other flush plate designs.

BASIC USES

Joint cover for parking structure and other vehicular traffic decks.

TECHNICAL DATA

Aluminum

Center Plate	6061-T6	ASTM B221
Base Frames	6061-T6	ASTM B221
Turnbars	SR-319F	ASTM B26

PVC secondary seal

Material	PVC	ASTM D2000
Durometer	65A	
Color	black	

STANDARD FINISH

Mill finish aluminum.

PRECAUTIONS

Refer to Material Safety Data Sheet for detailed health and safety information prior to use.

WARRANTY

C/S warrants that its products are manufactured free of defects and conform to the technical data listed. Under this warranty, we will replace (at no charge) any material proven defective when applied in accordance with our written instructions for applications recommended by us as suitable for subject products. C/S shall not be liable for any injury, loss or damage, direct or consequential, arising out of the use of the product.
