### ***Cradle to Cradle Certified™* Silver v3.1 Specification Sheet**

CS Sun Controls and Daylight systems allow your design to take on intricate patterns, sleek textures, vivid colors – all while promoting lower energy costs and reduced glare and allowing filtered light to enter interiors and occupants to see out.

Cradle to Cradle Certified™ levels achieved by CS Louver products are based on the lowest assessment level of model variations and finishes selected. Review finish options to see if the finish selected is not covered in the certification.
